

The Dimmer VIEW

By MAX GOODWIN

I can't think of any circumstances that would make such a gift palatable to me as a taxpayer because when I think of it I think of the millions of dollars which now goes into the royal treasury from American capital for developing Mid-East oil. This money is not used for the benefit for the rank-and-file Saudi-Arabians. Most of it goes to maintain King Saud in the regal fashion to which the ole potentate has become accustomed.

Your Congressman James Utt told me King Saud has a personal income of 300 million dollars a year, 54 millions of which he spends on his personal household, while his people live on a per capita income of \$42. With the population 99 percent illiterate, the King has established only two high schools and ten elementary schools. There are approximately 50 thousand African slaves and 35 thousand put on the auction block in his country each year.

It is interesting to note the Men's Club has again asked the City of San Diego to supply a study on annexing Lemon Grove. They did this in 1954 at the request of a committee of the club which included such still-active members as Luther Hussey and John Dail.

The 1954 study, in words of both parties, was "dismal". Thos. W. Fletcher, Assistant to the San Diego City Manager said last week however that the picture had brightened considerably. He pointed out that financial income and outgo from Lemon Grove, if annexed, would "just about balance."

We are reporting this now because many persons need to be assured that a Men's Club study does not set in motion an election for annexation. Before this could be done property owners and voters would have to sign petitions and this would be done amid considerable noise from this newspaper.

We, as a newspaper, have not changed our position since the City for local government in January 1955. We still favor incorporation. As a second choice we'd go for a County Services form of government. But the thought of moving our government from one end of Civic Center to the other (which is the difference between the city council and board of supervisors) does not enthrall us a bit.

The Lemon Grove Rotary Club elected Harold Secor its president but not without first overcoming some problems.

The amiable market manager resisted the nominating committee because he had been in Lemon Grove only a year; in the Rotary Club even less than that.

Finally he succumbed to the blandishments of the members. Rotary elections, as it is with other service clubs, are not very spirited things. In this case it was less than that. While the members sat around with pencils poised to cast their votes, the election officers embarrassingly announced that someone had failed to order the ballots.

That is why Harold Secor was late by one week in being named Rotary president.

LETTERS TO THE EDITOR

Dear Editor:

We have a problem. 300 Lemon Grove boys of Little League age have declared their intention of playing baseball in the 1957 season. We have facilities for only 168, or twelve teams.

The majority of those who will not make organized teams are between the ages of 8 and 10. The ability of most boys of this age group is untested, and as a result there is no method of accurately choosing those who are to play on the teams.

It is our considered belief that all these boys should play ball. Unfortunately, this will not be possible unless the Lemon Grove Little League has more help from the parents of the boys participating in the program.

It is hard to believe that the parents of a boy who desires to play baseball is not willing to give some three to six hours a week to see that his boy gets the chance. However, at present, we have only enough help to

Mayor's Brother Calls For New Survey At Men's Club Luncheon

Revenue from Lemon Grove would provide approximately \$535,000 a year to the City of San Diego and that amount would just about balance the cost of supplying improvements and needs of the community, if Lemon Grove voted to annex, Thomas W. Fletcher, assistant to the manager of the city of San Diego, told approximately fifteen persons who attended Friday's regular meeting of the Lemon Grove Men's Club.

He said a study had been made in 1954 and had been up-dated to 1956 and the later study did not make the Lemon Grove annexation look as "dismal" as the 1954 one did.

John Johnston, who heads a professional incorporating organization, will attend the Men's Club meeting Friday, Joe Cannizzaro, club president said this week.

Johnson has successfully incorporated Garden Grove and Paramount and is now in the process of completing the incorporation of Bellflower.

John Dail, local insurance man and brother of San Diego's mayor, motioned that Fletcher make another study based on current conditions. He was also on the 1954 committee which requested that year's study. The

Youth Center People Ask 'What's Going On?'

The Lemon Grove Youth Control Board Tuesday night voted to demand by letter that county officials keep them informed on actions being taken to replace the present youth center building. Members charged that "behind the scenes" activity was being conducted without the Control Board being officially informed.

The Control Board is made up of representatives of clubs and groups interested in youth recreation in Lemon Grove. Practically every organization is represented.

The group also extended an invitation to David Bird, County Supervisor, to attend the next board meeting. He will be asked to report on the youth building-community center plans for Lemon Grove.

There will also be an election of officers. Tom Warburton, Grossmont High School principal is present president. Treasurer's report showed a balance of \$638 on hand. Next meeting will be held on Wednesday, February 20, at 7:30 p.m. at the Youth Center.

ADMINISTRATIVE STAFF SETS SEPTEMBER 1ST AS START DATE

Administrative personnel expected to be operating from the new Mt. Miguel High School by September 1st, Mel C. Grant, principal announced this week.

The official address, he said, is to be 1800 Sweetwater Road, Spring Valley.

Merchants Eye 'Buy Lemon Grove' Ways And Means

The Merchants Division of the Lemon Grove Chamber of Commerce spearheaded what its members present hope will be a continuing, consistent movement to attract and keep retail patronage in Lemon Grove at an organizational meeting Tuesday noon.

Twelve Broadway merchants gathered at Michaels entrusted with a pledge that they would give \$25 each to a fund to get the ball rolling on a "Buy in Lemon Grove" movement, sales promotion events, and general retail selling stimulation.

Immediate goal is 30 members to finance formation of a permanent organization. To that end, unanimous vote named Ted Skelley temporary chairman, Barbara Howell, temporary treasurer, and three men, Sid Silberman, Grayson Calder, and Herb Lowe as a committee of three to frame a constitution and by-laws, solicit memberships, and formulate a tentative program of action.

An initial suggestion that membership be limited to those retail merchandising establishments on Broadway between Main street and the Post Office was dissipated by a discussion that brought out the willingness of any and all merchandise, service and professional establishments to join a movement to stimulate trade in Lemon Grove.

The temporary officers and committeemen will also come up before the next general meeting of the group on February 19th, same time (noon) and place, with a catchy, inspiring, all-inclusive name for the organization.

Discussion brought out that the entire movement to further trade in Lemon Grove is a project of the Merchants Association, a division of the Lemon Grove Chamber of Commerce.

Party comment as the meeting broke up was that definite dates for the next meeting will be set by the next meeting.

Svalstad To Run For High School Board

Palmer Svalstad, Lemon Grove contractor and member of the Grossmont Union High School Board announced this week he had filed as candidate for the May 17 election. He has been on the board since 1954.

Junior, Bid School Bus Drivers 'Good Morning'

A dispatch from Van Buren, Maine, over news service wires, headed, "Say 'Good Morning', Bus Drivers Plead." After numerous complaints by school bus drivers serving five small drivers "good morning" and "good evening". The drivers don't like to be ignored.

Thursday morning this reporter had occasion to go out into his driveway, where the Grossmont High School bus stops to pick up teenage girls and boys. The bus came up at that moment and the girls mounted the steps first, then the boys climbed in. Not a single one of the aggregation of pulchritude and manly brawn said "Good Morning" to the driver.

Finally I asked one nice-looking youth, "Don't you boys say 'good morning' to the bus driver?" He said "No, why should I? It ain't his bus."

Frankly, I was amazed. Every one of these young people come from the "quality", as Huckleberry Finn called 'em, and common

courtesy is supposed to be taught in the home.

I remember when I was ten years old (about fourth grade) the teacher called on the boys to show how they behaved when meeting a girl acquaintance on the street. And will you believe it, this present reporter was the first lad in the class of 20 boys to tip his hat politely to the lady in the case! Kinda knocked the teacher for a loop. I was complimented before the class and the other boys had to march up and tip their hats. Nowadays when I meet a lady I take my hat off and hold it in my hand. I got that from a "Southern Gentleman" one day. It goes over good.

Seriously, I think the bus drivers are entitled to a cheerful "good morning" from their passengers. They are responsible citizens, with a responsible job.

Won't you quiz YOUR offspring, in whom you have a vested interest, and ask them to start the day right with a cheery "Good Morning"?—D.H.

THINGS DOIN' & BREWIN' About Civic Center

By DICK HENDERSON

Well, and I mean WELL, looks like the \$10,000 promised by the Board of Supervisors to the proposed fund of \$30,000 for the cloud-seeding program threw a scare into old Jupiter, thought by the ancient Greeks to control the weather, and the elements let go of a lot of gentle rain from Heaven for 19 days out of 29 in January and we ended up with a total rainfall for the month-January-of 4.72 inches and a seasonal (since July 1) of 5.58 inches, only a quarter of an inch short of normal.

Now it is not my intent to start an argument about what brought this magnificent downfall—whether it was the united prayers for rain, or the threatened cloud-seeding, or what. I just want to express my gratitude for the gift from Heaven. Generally speaking, the populace seems to be grateful for the blessings bestowed, though I did hear one lady complain about the mud her hubby brought in. Her hubby, standing by said—"You got any mud over at your house, Dick?" and I said "Yes, thank God," and he looked kinda funny.

The Supervisors' meeting had five matters scheduled for hearing, only the first being of interest to our area. At 11:00 a hearing on Resolutions of Inten-

tion to annex unincorporated territory to Spring Valley Sanitation District, requested by Fred L. Rose, et al, and approved by Department of Public Works and the Boundary Commission. It was approved by the Board.

Welfare Matters:

The Board to determine the liability of responsible relatives of 60 recipients of Old Age Security. The Acting Director of Public Welfare requests that the District Attorney be authorized to proceed against the responsible relatives of six recipients of Old Age Security. The same gent recommends that the District Attorney be authorized to take completed statements of forms from responsible relatives of 11 recipients.

The Department of Public Welfare submits a list of 702 cases for which it recommends that cash in the amount of \$40,280.68 be extended for the month of February, 1957.

Welfare Department requests ratification of its action in expending funds to return clients to their places of legal residence as follows:

Woman to Cleveland, Ohio, \$62.32.
Man, wife and three children to Carlsbad, N.M., \$67.60.
Woman and two children to Hartford, Conn., \$91.21.
Man to Nashville, Arkansas, \$34.70.

(There shows a saving of about \$600 per month from now on.)

Scott Gives Electric Sign; Big Fete Shapes

Hard upon the heels of the announcement that the "Lemon Grove Freeway" opening date had been moved up to February 15th, next Friday, the Chamber of Commerce took action at its Tuesday night meeting to celebrate and publicize that event.

night meeting to celebrate and publicize that event. way department said Tuesday that the Freeway will be open to traffic on Friday, February 15, although the contractor might still continue with minor finishing touches after that date. Luckenbach said that such work would not interfere with traffic over the freeway, and would probably be finished up anyway by Monday, the 18th.

To be opened is that section of the Freeway running from College Avenue to Campo Road.

Chamber president W. Earl Smart named vice-president Ted Skelley to work with the Department of Highways on any celebration plans or program ceremonies which could be worked out. Luckenbach had previously said that while his department refrains from actual participation in such events, the department would cooperate in any way it could to make such an event a success.

A news story elsewhere had stated that the freeway would not be open until March 1, but Luckenbach said that work had progressed so rapidly that the earlier opening date had been found feasible.

Board member George Scott told the Chamber that he would underwrite the total cost, about \$1,300, of a huge electric sign to be erected at the College Avenue underpass site which would be visible for quite some distance to tell motorists the way to "Lemon Grove Shopping Center". The sign would direct motorists to this area.

Skelley, at press time was to consult with the California Department of Highways and business interests in Lemon Grove to plan a formal opening ceremony of some kind.

Women's Juniors Prepare Polio Shots

Woman's Club Juniors of Lemon Grove will sponsor a polio mass inoculation project here on March 2 and April 20, the group announced this week.

All persons under 40 years of age will be given the Salk vaccine free of charge at a local place to be named later. Exact times of inoculations will be announced later.

Meanwhile, the Juniors are busy lending a helping hand in getting equipment ready for the area-wide inoculations which start this week. Two members daily are working at Childrens Hospital to prepare syringes to meet the impact of an estimated 20,000 shots which will be administered the first day of the free inoculation period. They will also prepare syringes for Lemon Grove's mass inoculation project.

Those assisting are Mmes. Roy Adams, Bert Betts, Robert Brenahan, Wilis Carr, Tom Fullerton, Pat DeGaetano, William Gilchrist, Floyd Hughes, George Jenkins, Howard Jennings, Ray Kickbush, Martin King, Ralph Kraft, Joseph Mack, Richard Mann, William Miller, Tom Mitchell, Frank Moore, Robert Morrill, Robert Morse, Larry Pugmire, Gale Ruffin, Albert Schuh, Robert Strand, and Ray Treinen.

VLACH'S MARK 25th ANNIVERSARY AMID HALF-HUNDRED GUESTS

Mary and Larry Vlach, 3282 Kempf Street, marked their twenty-fifth wedding anniversary Saturday with a get-together of old friends at Michael's.

Approximately 50 persons, many of them Marines who served with Vlach during the war, paid the couple homage. Vlach was a Captain at the time of his retirement.

Mrs. Vlach has been active in club circles locally.

C of C Hikes Board, Eyes Big '57 Rodeo

In a move designed to permit quicker action on pressing matters, the Lemon Grove Chamber of Commerce Tuesday night voted to increase the membership of its board of directors from 12 to 19 members. This step will permit 10 members to form a quorum and proceed with business at hand.

In the past it has been difficult to get a quorum to assemble in emergency or special session. The new setup will make it easier to secure a quorum.

Rodeo show promoter Dick Sisson, recently elevated to secretary of the Rodeo Cowboys of America was present as was Jack Thurman from St. John of the Cross Church Men's Club. Wheels set in motion with the help of these two make this year's joint Junior and Senior Chambers of Commerce Rodeo bigger and better than last year so that it would be an outstanding unit of the county-wide Fiesta del Pacifico celebration. Ted Skelley and F. R. Faucher were named joint chairmen of the rodeo committee.

Other committee make-up was postponed until new board members have been selected.

Chamber secretary Gladys Kranch was authorized to purchase office equipment to expedite Chamber billing, bookkeeping, and to make office work simpler. As an aim toward greater efficiency, board member Tony Sonka offered to buy and donate an over-stuffed secretary's swivel chair. Kranch was delighted because long hours of sitting can become, shall we say tiring.

The chamber agreed to have some of its board members sit in with the San Diego Gas and Electric Company executives to iron out difficulties arising from the problems attendant upon the Christmas tree lighting project. President W. Earl Smart presided.

Helixers Whoop It Up At Own Nominating Parley

Helix High School students are going to whoop it up just as their elders did at the San Francisco and Chicago national political connections.

It will be a part of the sixth annual Nominating Convention which will be held in the Little Theater on Friday, February 15th.

Pre-convention campaigning began February 1. At this time, interested students campaigned for nomination, according to Kay Farnham, ASB Secretary. The 116 delegates representing the 58 classes, which have 2 votes, will determine the outcome of the convention. They vote according to their class's choice. Any class may put on demonstrations, instruct lobbyists, or whatever they wish to do to support their candidate.

The convention is patterned after our national conventions and contains all the color, excitement, fun and enjoyment they do.

"The final ASB election will be held on March 7, with the preliminaries on March 5. The results are to be announced at our elaborate Annual Inaugural Ball on March 8.

"We hope to have our convention widely publicized because we feel that this opportunity to "learn by doing" will help us gain a deeper insight into politics."

HOSPITAL ROADWAY PATCH WORK DONE

A smooth pathway now to Grosmont Hospital if you or yours are bound that way.

Work of completing repairs to the roadway approach to the hospital were completed Tuesday. Patching was made necessary by heavy rains washing out roadway bed beneath the lightweight temporary approach to the hospital entrance. Last week passage of a heavy truck loaded with supplies for the hospital caused a 150 foot section of the entrance roadway to cave in.

Dorans Host Family Of Hungary Refugees In Spring Valley

Mr. and Mrs. Daniel O. Doran, 9525 Barbic Lane, Spring Valley, have been playing hosts for two weeks to a Hungarian refugee family.

Joseph Orsos, his wife Irene, and their 4 year old daughter, Zeuzsa, arrived in the United States about five weeks ago, and through the vagaries of refugee camp administration were dropped off in San Diego when they should have gone on to Oakland. The Orsos family are here without sponsors, friends, or anyone who knows them at all. In Budapest, Orsos worked in a stone quarry under Communist threats, although he is a capable baker by trade. Mrs. Doran, herself of Hungarian extraction, found her protegee a job in a Lemon Grove bakery, where for two weeks he

Girls Spot Heart Fund Cannisters In This Locality

Six young ladies went around this week with an appeal from the heart for the heart.

Lenny Estes, chairman, Celeste Laustalet, Nancy Bloom, Marian Dias, Kathy Sileneck, and Sara Jones formed a committee which placed the donation cannisters for the Heart Fund campaign in stores and offices where considerable foot traffic might be expected.

A group of girls from this area and Monterey Heights visited the Heart Fund headquarters to help stuff envelopes with literature and letters soliciting contributions for funds with which to continue research and treatment of heart diseases which is America's worst killer.

Merchants kind enough to permit the cannisters to be

placed in their stores are urged not to surrender them or permit their promiscuous handling without proper identification of the person attempting to pick them up.

On February 28th, when the campaign ends, the girls of the committee will pick up the cannisters, and a Lemon Grove bank will have its employees count the donation money.

'God And Country' Award To Go To Robert Nelson

Robert Nelson, son of Mr. and Mrs. Ralph Nelson of 1570 Skyline Drive, will receive the "God and Country" award at the worship services of the First Congregational Church in Lemon Grove this Sunday, February 10. Sunday will be observed as Scout Sunday across the nation. The "God and Country" award ranks with the Eagle Scout award, and is a presentation made by the National Boy Scout office after the boy has passed rigid requirements. It is a church award, requiring the boy to spend at least a year in this project. Robert spent over two years in preparing himself. A boy must be a First Class Scout before such an award can be made. During the two years he has been at work on those achievements, Robert has met weekly with his minister. When it was believed that he was ready he was taken before a special committee of the San Diego County Council of Churches, examined by this committee of ministers.

Robert Nelson is the second boy from the Congregational Church to receive such an award. Dan Heiserman received the award about one year ago. Beside much study in preparing for this award, field trips and service projects are required of each boy.

County Cowbells Elect Women From SV-LG

Mrs. Russell Peavey of Miramar, was elected President of the San Diego County "Cowbells", the auxiliary of the San Diego County Cattleman's Association, at the Wagon Wheel, Santee, January 9.

Other officers elected were: Mrs. Walter Hite of Tecate, vice-president; Mrs. W. W. Myers of Miramar, recording secretary; Mrs. Azelda Cadwell of Lemon Grove, treasurer; Mrs. Wallace Handley and Mrs. William Wolford, directors. Mrs. Ruth Elliott of Ramona was appointed corresponding secretary.

The purpose of the "Cowbells" which has been in existence for five years, is to do the public relations for the Cattleman's Association, and to promote more beef eaters. They have been putting beef recipes in stores for months. Each Father's Day, the group gives a large beef roast to the father of the first child born on that day. Every year a side of beef is donated to the Door of Hope. They also pay the expenses of the chaperones for the 4-H Clubs at the County Fair.

The Cowbells meet the second Wednesday of every other month, in different places. They have the meetings open to any women who are interested in the cattle industry.

The Cowbells are planning a dinner dance to be held at the Wagon Wheel, Saturday, February 16. A cocktail hour will be held from 7:30 to 8:30 p.m. and dinner will be served at 8:30 p.m. For reservations call Mrs. Azelda Caldwell at HO 6-9741.

Woman Thought Suicide Victim

The body of Mrs. Margaret La Rue Roberts, 41, of 9236 Hillside Drive, Spring Valley, was found on her bed last Wednesday morning by a friend, Donley Carrigan, an aircraft worker. A 45 bullet had entered her head and the gun was found beside her.

Stanley Strange of the County Sheriff's Department, who investigated the case, said his department is satisfied the case is suicide. Mrs. Roberts' fingerprints were found on the gun. The gun had previously been in a case beside the bed. Strange said that from what he gathered, Mrs. Roberts had been despondent.

Mrs. Roberts' body was sent to the Paris Mortuary in El Cajon, and the Coroner's office is trying to locate Clifford Roberts, husband of the suicide victim. He is a Navy Chief, aboard a transport, somewhere in the Atlantic Ocean. No funeral arrangements have been made to date.

Mrs. Roberts had lived in Spring Valley about four months.

In 1956 American railroads carried 16 tons of freight for every man, woman and child in the United States.

club voted to request it. Fletcher had pointed out that San Diego was neutral on annexations and that the study would be unbiased. He said many changes would be observed in the new study. He pointed out that boundaries, for example, would be changed. This was the result of some previous annexations and caused by the new freeway forming a natural boundary to the north. The eastern boundary might still be at Grove Street because of the problem of sewerage the eastern slope of the area. Grove Street is where the 1954 boundary was established.

Fletcher's meeting was a question and answer affair. Harry Griffen asked about the process by which the city of San Diego might take over the Helix Irrigation District holdings in Lemon Grove. He said that negotiations might have to be carried out with individual property owners since they own the distribution lines adjacent their property. Fletcher said that long negotiations would be involved but no engineering study on the problem had been made.

Luther Hussey asked about major thoroughfares. Fletcher said that major streets would probably be left where they are with a possibility of new ones added.

George Casteel was told that duplication of street names with San Diego's could be overcome

by changing endings... such as "way" "lane" or "drive". The local postoffice might be left as the Lemon Grove post office serving its present area. That would be up to the Federal Government, Fletcher said.

Average homeowners would save approximately \$18 a year following annexation. City taxes would be added to certain county taxes making the total greater. Savings on sanitation, library and fire taxes would reduce the tax cost. Reduced home operation expenses would follow dropping of garbage collection costs and an average reduction of \$13 a year on electricity. Present State Public Utility laws provide for a higher electric rate in unincorporated areas. Fletcher pointed out that the figures were based on the 1954 study and would be subject to change if indicated by the new study which would be released late this month.

As part of San Diego, three community type parks would be provided in Lemon Grove. Supervised recreation programs would be instituted at school playgrounds on week-ends and during summer vacation. Absorption into the San Diego system of Lemon Grove schools he said, was a matter between Lemon Grove and the city school system.

In January 1955 an incorporation election was held in Lemon Grove. Of 3,787 votes cast 2180 opposed the issue, 1,607 voted for it. It was the only election ever held for determining local government. At present there is no known movement afoot to bring about another election for annexation or for incorporation.

Campo Road Gets Speed Limit Cut

Sacramento, (Special) — Establishment of 35 and 40-mile an hour speed limits along a one-mile section of Campo Road (State Sign Route 94) in and near the community of Casa de Oro east of San Diego, was announced today by the State Department of Public Works.

Limits of the new zones are as follows: A 35-mile zone from Granada Road to South Bonita Street; a 40-mile zone from South Bonita Street to west of Kenora Drive; and a 35-mile zone from west of Kenora Dr. to west of Rodgers Street where it joins an existing 35-mile zone.

Reductions of the speed limit from 55 miles an hour was recommended by State Highway Engineer G. T. McCoy, following an engineering and traffic survey by the Division of Highways. The California Highway Patrol concurred in the recommendation.

Friday Night Junior's Show To Regale Seniors

The Lemon Grove Woman's Club Seniors will get a program of entertainment like they have seldom seen before when the Junior's dish up such familiar old dances as the Charleston, the Can-can and soft shoe Friday at 8:30 at the Woman's Clubhouse.

A light fantastic will be backed up by some unusual barber-shop quartet warbling. The entertainment program is under the direction of Mrs. Phillip Burch.

The following week, Saturday, February 16th, the Seniors and Juniors are uniting in a bake sale. This will be held in front of Marsi's on Broadway from 10 a.m. until 6 p.m. Proceeds will go to Hungarian relief.

Spanish Dinner Due

Tacos, tamales, enchiladas, frijoles and all that goes with a real Spanish dinner will be on the menu when Job's Daughters Bethel 229 and their guests sit down at a festive board, Lemon Grove Youth Center.

Saturday, February 16th is the big day. Tickets, priced \$1.25 for adults, and 75c for children can be had at the door.

Between these events the Juniors will hold a regular bi-weekly meeting built on a Trader Vic theme. Members will bring jewelry, shoes, hats and other items members want to trade.

Helix Matmen Pose Big Threat In SCIF Matches

Helix Highlander grunt and groan wrestlers loom as real contenders in the upcoming SCIF playoff matches.

The Helix matmen have won five matches, dropping only one, and a victory over San Diego High this week will make the Highlanders the team to beat. The Highlanders' only loss was to Kearney, the defending SCIF titleholders, 26-22.

Of 12 varsity lettermen, six are undefeated in competition. They are: Mat Clark, 103 lb. class; Bob Wilson, over 140 lb. class; Dennis Clark, 113 lb. class; Bob Wilson, 133 lb. class; Wayne Vioht, 138 lb. class; Kiehl Havens, 165 lb. class; and Jim Osborne, 175 lb. class.

In the opening match of the season, the Highland squad stopped El Cajon, 45-10. Since then the matmen have won over Army-Navy, 48-8; Lincoln, 38-7; Mission Bay, 47-8; and arch rival Grossmont, 40-8.

The SCIF preliminaries will be held at SDSU on February 21. From there the two top men will go to Los Angeles to the finals, which are slated for March 1.

"All of the boys are having a fine year, and any of them could make the SCIF playoffs," Coach Ben Ducea stated. He added, "If we get over San Diego, we should be able to go all the way."

On The SIDELINES with Bob Turnbull

SPORTS ROUNDUP...

Basket-dunking season is approaching its finale. State College's Aztecs have been remanned and re-spirited with the well-combed addition of three new basketballers at the semester change-over. They are forwards Bob Rees, six feet five inches, Tom Noonan, six feet six inches and guard Hal Brown, five feet 11 inches. Out of the top seven seasonal scoring leaders from the Metro league Helix is first, third, fifth and seventh—thanks to Gael Barsotti, Ron Mulder, Jerry Goins and John Drumm. In league play Helix is first, sixth, eighth and tenth—again thanks to Barsotti, Mulder, John Cook and Drumm. Finally someone suggested an all-star basketball game between the Metro and City leagues. Be nice to have similar games in baseball, wrestling, track and tennis, too. Former all-around, tri-sport athlete Duane "Rudy" Rudzinski, ex-Highlander, has played good ball as a second string guard for the USD Pioneers. Rudy has seen action in 17 games and has bucketed 34 field goals and 18 free throws for a .86 point barrage and 5.1 points average per game. Then there's the one about—the whistle blows, the players hoot. It's not a foul, they all agree; And just to make their point they shoot. A basket with the referee.

Port 'n pretty Joyce Darnell, 21-year-old State College coed, is this year's eye-tractive Yellowtail Fishing Derby Queen. Now that the fish 'n game dept. is going ahead with its program of feeding medicated grain to the pigtions and doves of this area, it is requested that all people who feed doves daily, please notify the local fish 'n game office of the whereabouts of the feeding area. Big things are expected of Helix's Dexter Levy. Having placed second for San Diego in national competition of the AAU junior swimming meet, Dexter's making plans to help represent these United States' Olympic swimming team in '60. And speaking of the splash sport, the National AAU senior women's indoor swimming and diving championships will be held in Beverly Hills on April 16 & 17.

Dick Grilvalva's slogan for the Aztec Club's \$50,000 campaign: "Dig deep boys—we're going all the way to the Pennsylvania coal mines." The Tijuana Country Club will again sponsor the Caliente Open golf tournament next year—but will exclude the gambling. Evidently the PGA made the Mexicans wince. Construction on a 3,000-square foot clubhouse at the new Bonita golf course has started. The clubhouse will shadow the No. 1 tee. Strong for fishing planted trout streams rumor has it that a special fee is just around the "brook". Since ocean fishermen object to using part of their license fee to support the expensive trout programs, this move is deemed inevitable. And a final reminder to whale chasers: The "monsters" are expected to continue their southward sprint past the Pint.

Little League Shaping Teams

Little League officials, backers, players, and just plain fans, are to gather Saturday night, February 16th at the Veterans of Foreign Wars home on Imperial Avenue for an old fashioned box social and lunch.

Prime purpose, of course is to raise needed funds for the many odds and ends expense items connected with League operation not covered by sponsorships.

It will be a bang-up affair with the general public invited to come out and meet future baseball greats.

President of the newly formed Lemon Grove Little League William Allen said that try-outs for the several teams are already underway. Aspirants gather every Saturday.

Ten, nine, and eight-year old group will display their pitching, catching, batting and fielding talents for their respective coaches in subsequent Saturday afternoon sessions at the Lemon Grove Junior High School ball field as the weather permits.

Eleven and twelve-year olds have already had their tryouts, stated Allen, and according to the way the boys have been registering and turning out, there will be twice as many players as needed for six major and six minor league teams. The only shortage so far is a sufficient number of adult volunteers to manage and coach all the teams that could be formed with these eager young ball-players.

CERTIFICATE GRANTED

The organization recently received its Certificate of Franchise and all the privileges of Little League Baseball, Inc., with the chise, granting official status usual exception of tournament play placed on first-year leagues.

Mrs. Isabelle McCree, treasurer, announced at a recent meeting that Little League Funds now stand at \$1422.52, derived from membership fees, paid-in sponsorships, and miscellaneous donations.

Sponsors are now secured for all of the major league teams: the Lemon Grove Jun-

ior Chamber of Commerce, the Lemon Grove Kiwanis Club, the Lemon Grove Sporting Goods Store, Qualitee Dairy Products, Theo's Cancellation Shoes, and the Walker-Scott Company.

Of the minor league teams, sponsorships have been pledged by C. P. Appliances and the Lemon Grove Veterans of Foreign Wars. A group of women's clubs and other organizations have also indicated their intentions to try to include Little League sponsorships in their 1957 budgets.

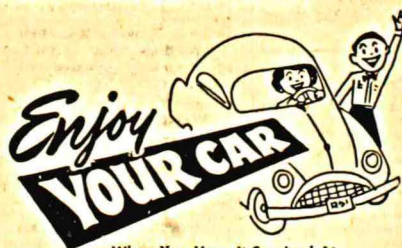

Progress of the Lemon Grove Little League to date has been a matter of unselfish cooperation from all directions. Allen points out. The Lemon Grove Swimming Pool Association offered the use of its property as a ball field until such time as the pool can be built. This announcement was immediately followed by an offer from the Lemon Grove Lions Club to take over development and maintenance of the field.

HIGHLANDER WRESTLERS THROW SAN DIEGO HIGH

Thanks to an over-all better team show of muscle, Helix High School's grunt 'n groan wrestling team surprised San Diego High 26-20, last Friday. Suffering one of their rare losses was Keith Havens.

Lowe's Toggery Observes 4th Anniversary Fete

Herbert and Anne Lowe are this week celebrating their fourth anniversary of merchandising in Lemon Grove through their Lowe's Toggery at 3321 Imperial Avenue.

The Lowes brought considerable merchandising experience to the area when they moved here from a Fifth Avenue, San Diego location. They decided to open a low rent street store where they could pass along to customers the benefits of savings on rent, minimum operating costs, and judicious buying.

Through the years they have established a brasserie club, a stocking club and other merchandising money-savers. The clubs they operate permit a customer to buy, for example, twelve pairs of stockings and receive the 13th pair free. Golden Arrow stamps are given with purchases, and the stamp books themselves can be redeemed at the store.

Prices on merchandise throughout the store have been cut as an act of celebrating the store's birthday, and additional purchases at unusually attractive prices have been made.

The Lowes live in Lemon Grove and have three children, one a student at Helix High School, and the other two are Mt. Miguel pupils.

LETTERS TO THE EDITOR (Continued)

supervise twelve teams. Beyond this we cannot go, unless the parents of those boys wanting to play give some of their time to aid in the formation of more teams, and in raising the necessary funds to finance them.

Very truly yours,
WILLIAM ALLEN,
Pres. L.G.L.L.

Dear Editor:

With no intent of entering the controversy over the pay of school teachers versus others, I refer to your postscript to the letter of R. E. Willits of January 31, 1957.

Just how do you figure parenthood has an advantage over non-parenthood insofar as income tax is concerned? Which would you choose if you had your choice: To provide for five children and pay an income tax of \$119.60 or support no children and pay Uncle \$837.20? The childless couple or single party has a net of \$4162.80 Mr. Willits has to support his family of seven on \$4880.40.

With the close figuring Mr. Willits must do to stretch his budget, I'm sure he arrived at the same figures and very likely does not appreciate your light-hearted quip.

You do a lot better on your "Dimmer View" column, why not be content with that.

Very truly yours,
Stephen J. Herald
